**CRIZAL® KIDS
LENS & COATING***

\$69

**FRAME & LENS
KID'S PACKAGE****

Kids grow up fast and their eyesight can change in a hurry. Regular eye exams help identify issues that may affect them now and in the future. Myopia is the most common eye problem school-aged children face. However, with new technology, it is possible to slow down its progression. So take advantage of our back-to-school specials and schedule an appointment today!

BOOK AN APPOINTMENT

*Includes Crizal® Kids' lens plus coating packages. Visit <https://www.essilorusa.com/products/kids-glasses> for more information.
**Includes select frames, polycarbonate lens, and standard non-glare coating. Additional fee may apply for high prescription lenses.
